

src/log/FileLogger.h

```
graph TD; A[src/log/FileLogger.h] --> B[string]; A --> C[fstream];
```

A diagram illustrating header file dependencies. At the top, a gray rectangular box contains the text 'src/log/FileLogger.h'. Two blue arrows originate from the bottom center of this box and point downwards to two separate white rectangular boxes. The left box contains the text 'string' and the right box contains the text 'fstream'. This indicates that the FileLogger.h header file includes the string and fstream header files.

string

fstream
